

THE M50 BUS ISSUE

ARE YOU SICK OF ONLY BEING ABLE TO
CATCH THE M50 IN THE MORNING?

Are you sick of only being able to catch the M50 bus in the morning? So are we. It is a major inconvenience to both us and the public. It causes us to be constantly late in the morning. It fills up the M50s so neither us nor the public can board the service. It congests Elizabeth Street, preventing students and the public getting through. This issue can be solved. It prevents public from arriving at work on time, causing complaints about us.

To help do so, please sign the petition. Andrew Constance will be contacted, and your signatures may swing his opinion. Please visit <http://sbhsbusissue.weebly.com/> for more information, and a link to the petition.
